SANCTIFIED MIRRORS IN A HOLOGRAPHIC UNIVERSE

*The Universe is a numeric jigsaw puzzle revealing the transfiguration
of the face of the All-Merciful.*

– Marko Rodin

The Central Orb of the Universe

Houses of Worship, Temples, Cathedrals, Domes, Stargates, Portals, and Wormholes are All Forms of Sacred Geometry

These sanctified Mirrors, these Day Springs of ancient glory, are, one and all, the Exponents on earth of Him Who is the central Orb of the universe, its Essence and ultimate Purpose. From Him proceeds their knowledge and power; from Him is derived their sovereignty. The beauty of their countenance is but a reflection of His image, and their revelation a sign of His deathless glory.

The Rodin Coil is a miniature atomic particle accelerator.

God's Petroglyph

One of the oldest mandala like images in the world, which is possibly 50,000 years old. It is from the Cyclone Cave, Kimberly, Australia. Image by Colin Murty

O My Well-Beloved! Thou hast breathed Thy Breath into Me, and divorced Me from Mine own Self. Thou didst, subsequently, decree that no more than a faint reflection, a mere emblem of Thy Reality within Me be left among the perverse and envious. Behold, how, deluded by this emblem, they have risen against Me, and heaped upon Me their denials! Uncover Thy Self, therefore, O My Best-Beloved, and deliver Me from My plight.

Thereupon a Voice replied: "I love, I

dearly cherish this emblem. How can I consent that Mine eyes, alone, gaze upon this emblem, and that no heart except Mine heart recognize it? By My Beauty, which is the same as Thy Beauty! My wish is to hide Thee from Mine own eyes: how much more from the eyes of men!"

I was preparing to make reply, when lo, the Tablet was suddenly ended, leaving My theme unfinished, and the pearl of Mine utterance unstrung.

OMNI-DIMENSIONAL

Attributes of God

These attributes of God are not, and have never been, vouchsafed specially unto certain Prophets, and withheld from others. Nay, all the Prophets of God, His well-favored, His holy and chosen Messengers are, without exception, the bearers of His names, and the embodiments of His

attributes. They only differ in the intensity of their revelation, and the comparative potency of their light. Even as He hath revealed: "Some of the Apostles We have caused to excel the others.

Divine Guidance

The purpose of life is to receive Divine guidance and inspiration. The human brain is an antenna that communes with God. By the number Nine being in vertical alignment in the Abhá Cypher above the hole there is a door that opens up. The 5th dimension and all of the higher multi-

dimensions are all contained and compressed together in the Omni-dimension which is represented by distance and spacial area. The vertical alignment reveals the Apex of Consciousness. This is the highest station of Life in God.

Triune Gateway Between Worlds

Enter the Japanese Torii or the India's Torana

Gateways to transformation from the mundane to the sacred.

We are all worshiping from different perspectives the exact same thing.

Religion, mysticism, metaphysics, and all of the prophets, messengers, and manifestations of God all knew and were always aware of this divine

principle of creation which applies spiritually as well as materially to both astrophysics and the human temple.

The Native American Dream Catcher is the Living Hologram

Based on physics we're living in a system of cycles within a wheel of deterministic, fractal repeating patterns. Deterministic means the longest mean free pathway of least resistance... meaning no random collisions, no friction. It is determined by spirit that when we are out of alignment it is harder to harness true potential. By getting into proper angular alinement we are tapping into the momentum of Spirit, the

source of all motion. Through Biophysical Harmonics you can tap into the Most Great Name of God. By knowing the precise mystic intonation you are literally harnessing Spirit. The Mystic Word of God is the source of Spirit. It is the Alif which is the seat of the Hamza. In English this is the diacritical symbol for the Glottal Stop and is the breath of Life.
